I have read, understand and agree to follow the guidelines contained in the booklet, *Planning Your Wedding* at Christ Church United Methodist. I understand that my wedding is a service of worship and that the policies and guidelines were developed to assist me in planning a wedding that would be meaningful and in the best traditions of Christian worship. I also understand the Wedding Coordinator assigned to assist me is responsible to the church for helping me incorporate these guidelines into my wedding plans. If I choose to hire a professional wedding consultant, I understand that Christ Church's wedding coordinator is in charge of the wedding rehearsal and the wedding ceremony at the church and I will communicate such to my professional wedding consultant.
